

## What should I bring?

You should bring the following items:

- Sleeping bags
- Thermarests
- Cooking gear
- Food
- Candles
- Flashlight
- Toilet paper
- Dish soap
- Fuel for the Coleman propane camp stove and lantern
- Fire starter (newspaper)
- GPS coordinates

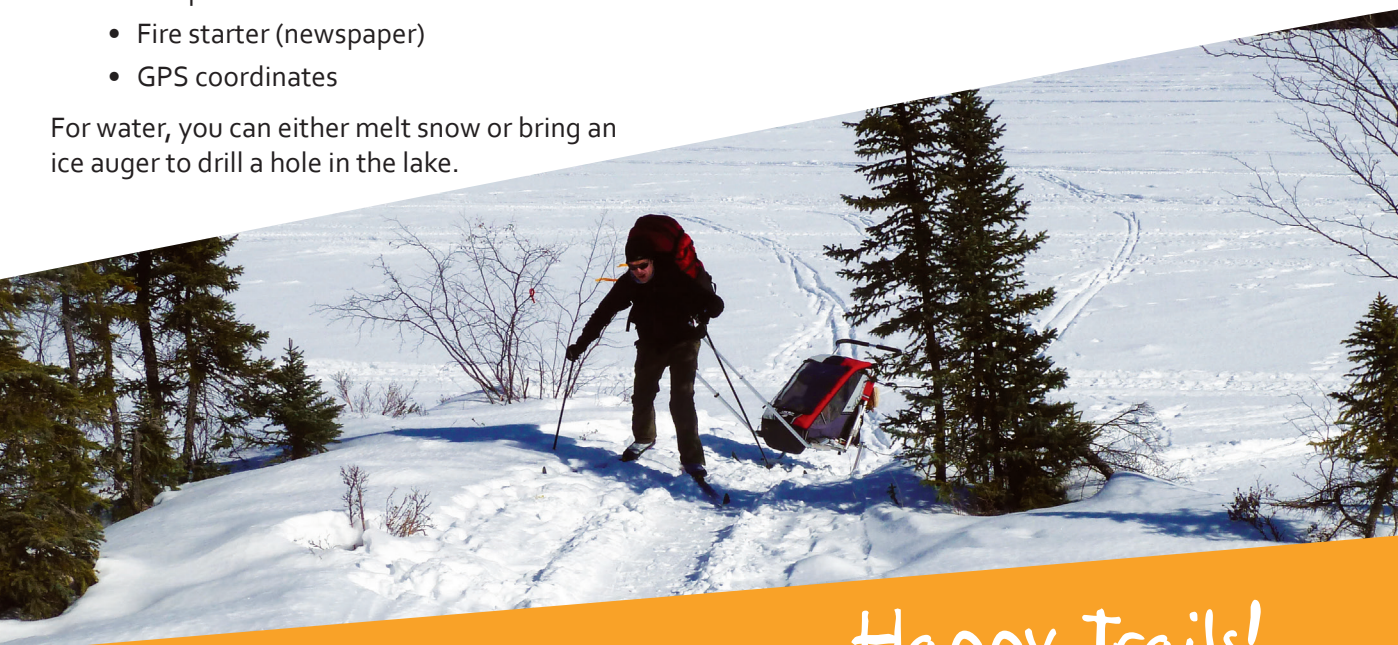

## Some simple rules:

When dumping dishwater or other used water, dump it behind and to the right of the tent. That way kids won't fall or play in dirty snow.

- Leave some kindling wood for the next user.
- Sweep before you leave.
- Remove ALL garbage, including any leftover food.
- Empty out water pot (important because it may freeze and crack the pot).
- Empty ash from the stove if full and put it in the outhouse.
- Zip up the tent.

For water, you can either melt snow or bring an ice auger to drill a hole in the lake.

# Come out and experience what others pay thousands for

— aurora nights, sparkling snow, miles of snowmobile trails that are perfect for cross-country skiers and cozy evenings by the wood stove.

## YK Ski Club Banting Lake Tent

Rental is free to ski members. If you are not a member, you can book the tent within two weeks of your selected dates. The Banting Lake Tent Project is funded by donation and not from general operations of the Ski Club, so donations are welcome.

## What's there? .....

The tent has a small porch (perfect for sunny afternoons and aurora watching). Inside is a 14 x 16 wooden floor, a large wood stove and small picnic table. Outside is an outhouse. The tent includes a broom, swede saw (for cutting wood), axe, a large pot for melting water, a 2-burner Coleman stove, a Coleman lantern, large sleeping platform, two sleeping cots, a few cooking items (some plates and utensils) water pails and other odds and ends.

## .. Where is it?

- The tent is about nine kilometers north of the parking area at Vee Lake. You can ski, snowmobile, bike, hike, or get someone to drop you off by snowmobile.
